Supplier Diversity Statement

Refinitiv is committed to making supplier diversity an integral part of the way it does business.

We have a supplier diversity awareness campaign that is focused on creating mutually beneficial relationships with businesses that are minority, women, veteran-owned as well as small businesses. We seek to identify and encourage ethnic minority, women, veteran-owned and small businesses to compete for our commodities and services throughout the Refinitiv. The goal of our campaign is to include diverse suppliers, in every sourcing opportunity wherever possible. Refinitiv believes that utilizing diverse companies strengthens the communities in which we work and live and is a best business practice.

The Financial and Risk business of Thomson Reuters is now Refinitiv.
