

## PRODUCT CHANGE NOTIFICATION

**PCN Number** 12140**Title** Refinitiv FX Matching Credit Administration (MCA) New Version 1.8 - Mandatory Upgrade**Product** Refinitiv FX Trading,Binary Multicast Feed,Refinitiv Aggregator**Summary** Mandatory Upgrade - Version 1.8 of the MCA application is now available to download and install. New Refinitiv Domains & Mandatory upgrade of MCA by end July 2021**Effective Date** 24 Sep 2020**Description** Refinitiv FX Matching Credit Administration (MCA) version 1.8 is now available.

As previously communicated (PCN 11993), clients must upgrade to MCA version 1.8 (or a future version) before 31st July 2021.

MCA version 1.8 contains new Refinitiv FQDNs, details of which can be found in the attached MCA standalone installation guide and release notes. The IP addresses and Ports are unchanged.

As a result of these changes any client who is upgrading to 1.8 must ensure their network is open to the new Refinitiv FQDNs in order for 1.8 to work.

This version is also packaged with an updated Java environment (Amazon Corretto 1.8.0\_232).

By the end of July 2021 all previous versions of MCA below version 1.8 will not be able to access the service (login process will fail) and will become obsolete.

MCA can be downloaded via MyRefinitiv (see attached MCA standalone installation guide for further details).

Please contact your Refinitiv Transactions Relationship Manager or Refinitiv Customer Support desk should you have any further questions.
